

MAPPING IN DRUPAL

Create a simple maps with Openlayers

- Who am I?
- What I do?
- Openlayers
- My first map
- Questions (and hopefully, answers!)

Having fun at the European Commission

- Developing and maintaining sites @ EASME,
- Building automatic deployment tools using Git, Gerrit, Jenkins and Aegir,
- I don't use Openlayers anymore.

Openlayers

- Maintainer since July 2012.
- OL3 dev started in Sept 2014.
- Still ongoing...

What's new in Openlayers 3 ?

- No more CTools
- Based on Service Container
- Many submodules included
- Provide examples submodule

What needs to be done?

- Polishing
- Documentation

Live demonstration content

- Create and edit a very simple map
- Display this map where I want
- Adding markers on this map
- Adding goodies around it
- Displaying popups
- Create a contact block

Enough talk,
Demonstration now !
